

House Repainting Task Items:

1. House internal wall and ceiling repaint

- Clear the area
- Protect furniture – cover all items so that they won't be ruined by drops of paint.
- Protect the floor with newspaper
- Protect fixtures - for any fixtures (objects that aren't movable), tape the edges with masking tape or painters' tape.
- Clean up post-painting
- Patch holes on the wall, removed existing wall hanging nails
- Please suggest volume and type of coats (1 coat sealer/primer/undercoat and 2 coats final paint) – emulsion paint will be provided
- Please advise if a site survey is required
